DFEO believes in EQUITY for all students and their families by giving them ACCESS to programs that are AFFORDABLE and will provide the opportunity and experience for students to be successful individuals. The Early Music Program accomplishes this by supplementing arts education in DUSD and exposing students to the arts & music at a young age.

DFEO Program Goals & Objectives

- DFEO Strategic Master Plan Goal 1.2: To equip students with the 21st Century skills of creativity, communication, collaboration, critical thinking and civic responsibility.
- DFEO Strategic Master Plan Goal 2.2: Meet the social and emotional needs of students.
- To expose students to arts & music and health & fitness at an early age.

Research

Research on the benefits of children involved in the performing arts has been long-standing and plentiful. Studies have shown that, early music education helps children develop language skills, boost academic performance, enhance social and emotional development and provides numerous opportunities for gross and fine motor development.

2019-2020 DFEO Early Music Program

The DFEO Early Music Program is a 32-week long program designed to teach students grades TK-2 beginning music. Lessons will be taught in a group setting by one teacher for one hour, once a week. Classes will be held at DUSD Elementary School campuses after school. Further, students will perform in a Winter Concert and a Spring Concert.

Each week students have a blast discovering their voices, flexing their imaginations, and moving their bodies to interactive music and movement songs and activities accompanied by teachers on guitar. The children use hand percussion instruments to explore rhythms, tell musical stories, and begin to read and play music notes with rhythm games. Students are kept thoroughly engaged as they jump like frogs, fly like birds and creep like spiders! They go riding on trains, sail the high seas, and soar through the air like Super Kid. The program also incorporates songs from other world cultures including Africa and Mexico. The goals of the classes are simple but essential: to help children develop social skills, spark their innate interest and love of music, and create a healthy attitude towards movement and exercise.

Each month there will be a general focus on a certain area of learning that will be selected from the PlayMotion Music© curriculum series. Although the focus will be general the class may include many other subjects based on the response and interest of the children.

Early Music Program Objectives

Throughout the year the program will address the following areas of development during class. The activities that the children will be participating in will enhance their development in these as well as many other areas.
